

**REMARKS**

The Examiner restricted original claims 1-103 into 11 different Groups. In response to that restriction requirement, Applicants hereby provisionally elect Group III, which correspond to claims 21-26, drawn to a GEF-H1 specific antibody, for examination.

Applicants also were required to pick one species of peptide targeted by the claimed antibody. Applicants remind the Examiner that upon allowance of a generic claim, they will be entitled to consideration of additional claimed species. For now, Applicants pick species "SEQ ID NO. 4" for examination.

Accordingly, of the elected Group III, claims 22, 25, and 26 cover the SEQ ID NO. 4 species.

The Examiner is invited to contact the undersigned by telephone if it is deemed necessary to expedite prosecution.

Respectfully submitted,

Date August 25, 2006
